Millennial to Attend BMO Global Metals & Mining Conference

Toronto, Ontario, February 15, 2022 – Millennial Precious Metals Corp. ("Millennial" or the "Company") (TSXV:MPM, OTCQB:MLPMF) is pleased to announce that the Company will be participating in BMO Capital Markets' 31st Global Metals & Mining Conference from February 27 to March 2, 2022 in Hollywood, Florida.

President, CEO & Director of Millennial, Jason Kosec will be available for one-on-one meetings throughout the conference to discuss Millennial's strategic plan to aggressively advance, de-risk and grow its high-quality portfolio of assets located in Nevada and Arizona, USA.

Millennial continues to execute its resource conversion and exploration program currently being conducted at its Mountain View project located in Nevada, as part of its fully funded 20,000m maiden drill program. Millennial expects to complete the drill program at Mountain View and begin drilling at the Wildcat project, also located in Nevada, in Spring 2022. Drilling completed at Mountain View and Wildcat will form the basis of an updated combined mineral resource and PEA in H2 2022.

ABOUT MILLENNIAL PRECIOUS METALS CORP.

Millennial Precious Metals (TSXV:MPM, OTCQB:MLPMF) is an exploration and development company focused on unlocking quality ounces through the responsible expansion of its eight gold and silver projects located in Nevada and Arizona, USA. The Company plans to accelerate the development of its two flagship projects located in Nevada: Wildcat and Mountain View. The Wildcat Inferred Mineral Resource estimate contains 776,000 ounces of oxide Au (60.8 million tonnes at 0.40 g/t Au; effective date of November 18, 2020) and the Mountain View Inferred Mineral Resource estimate contains 427,000 ounces of oxide Au (23.2 million tonnes at 0.57 g/t Au; effective date of November 15, 2020). Technical reports titled "NI 43-101 Technical Report Resource Estimate for the Wildcat Project, Pershing County, Nevada, United States", dated November 20, 2020 with an effective date of November 18, 2020 prepared by William J. Lewis, B.Sc., P.Geo., Rodrigo Calles-Montijo, MSc., CPG, and Leonardo de Souza, MAusIMM (CP) and "NI 43-101 Technical Report for the Mountain View Project, Washoe Country, Nevada, USA", dated November 25, 2020 with an effective date of November 15, 2020, prepared by William J. Lewis, B.Sc., P.Geo., Rodrigo Calles-Montijo, MSc., CPG, and Leonardo de Souza, MAusIMM (CP) are available on Millennial's issuer profile on SEDAR at www.sedar.com.

Millennial Precious Metals is led by an experienced management team and board of directors with a proven track record of success in financing and developing high-quality mining projects. The Company is well positioned to create value for all stakeholders by applying a systematic strategy to advance and de-risk all eight projects over the next few years.

CAUTION REGARDING FORWARD LOOKING STATEMENTS

Certain statements in this news release are forward-looking statements, which reflect the expectations of management regarding the business development objectives and plans of Millennial.

Forward-looking information contained in this news release are based on certain factors and assumptions. While Millennial considers these assumptions to be reasonable based on information currently available to it, they may prove to be incorrect. Forward looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such factors include risks inherent in the exploration and development of mineral deposits, including risks relating to changes in project parameters as plans continue to be redefined, risks relating to variations in grade or recovery rates, risks relating to changes in mineral prices and the worldwide demand for and supply of minerals, risks related to increased competition and current global financial conditions, access and supply risks, reliance on key personnel, operational risks, regulatory risks, including risks relating to the acquisition of the necessary licenses and permits, financing, capitalization and liquidity risks, title and environmental risks and risks relating to health pandemics and the outbreak of communicable diseases, such as the current outbreak of the novel coronavirus, COVID-19.

Further, these forward-looking statements reflect management's current views and are based on certain expectations, estimates and assumptions which may prove to be incorrect. A number of risks and uncertainties could cause the Company's actual results to differ materially from those expressed or implied by the forward-looking statements, including: (1) a downturn in general economic conditions in North America and internationally, (2) the inherent uncertainties and speculative nature associated with mineral exploration, (3) a decreased demand for precious metals, (4) any number of events or causes which may delay exploration and development of the property interests, such as environmental liabilities, weather, mechanical failures, safety concerns and labour problems, (5) the risk that the Company does not execute its business plan, (6) inability to finance operations and growth, (7) inability to obtain all necessary permitting and financing, and (8) other factors beyond the Company's control. These

forward-looking statements are made as of the date of this news release and Millennial does not assume an obligation to update these forward looking statements, or to update the reasons why actual results differed from those projected in the forward-looking statements, except in accordance with applicable securities laws.
